

Manufacturing processes inhouse

turning	hard turning
gear cutting	face grinding
hobbing	outer grinding
rolling	surface grinding
skiving	hole grinding
shaping	gear measuring
sharpening	engraving / stamping
teeth pointing	internal gear grinding
cylindrical grinding	external gear grinding
wire eroding	nital etching
shot peening	hardening testing
cleaning after heat treatment	magnetic notch detecting
	demagnetic process
	corrosion protection
	packaging
